

## Board Action: Allocation of State Funds for First Tranche CLIMBER

### Background:

The CLIMBER Fundraising Committee has successfully raised the private capital necessary for the statutorily required match between State and private contributions (1:4). The State's statutory maximum for first-loss capital in any single tranche is \$10 million. The Board allocated \$3M for the first tranche of the Credit Enhancement portion of CLIMBER on January 21, 2021.

Therefore, the Board may allocate up to \$7 million for first-loss capital for the Direct Lending and Participation products within the first tranche of CLIMBER.

### Tranche One Summary

Below is a summary of the small business loan capital for tranche one of the CLIMBER program. The Board has also been presented with the overall budget for the program in a separate document.

For loan participations, the fund purchases 80% of CLIMBER loans. For Direct Lending Capital, the fund provides lending capital to CDFI's to originate CLIMBER loans. The State always has 20% in a first loss position.
